FW Council 2019 Halloween Supper Club

After dinner we played bingo, as usually that was hilarious with them all wanting a prize every time! All the kids enjoyed the treat bags Sylvia put together. Then we made some presentations, we told them they were receiving the $2500 grant for the AT&T Community Engagement fund, then they gave us a very nice plaque in recognition of all that we are doing for them.

In the pictures are Jan Eaves, Mary Brown, Catina Edmond, Sharon Tarkington, Cheryl Hart, from ACH Branigan Contreras and Bayleigh LaBarr

Nourishing minds and bodies

AT&T Pioneer members spend the evening sharing a meal and socializing with our kids in the Youth Emergency Shelter.

On, July 22, the AT&T Pioneers came out to ACH's Wichita Campus and hosted a Supper Club at the Youth Emergency Shelter. They brought with them a spaghetti dinner, complete with delicious brookies (brownie cookies)! The AT&T Pioneers are a national network of volunteers who affect immediate, tangible change in local communities.

"We're the world's largest industrial volunteer group. Membership is comprised of both active and retired employees of AT&T," states Cheryl Hart, co-volunteer leader of the AT&T Pioneers Fort Worth Chapter.

After the meal, the group, including Cheryl Hart, Jan Eaves, Sylvia Conde, Catina Edmond, Sharon Tarkington and Marcie Frank, enjoyed getting to know and playing bingo with some of the kids currently housed in the shelter.

The shelter provides runaway, homeless, and street youth as well as trafficking survivors 24-hour immediate safe shelter and care. While in the shelter, ACH works to reunite them with their families, or find safe and stable alternative living arrangements.

Supper Clubs are a great way for volunteers like the AT&T Pioneers to get involved at ACH. By providing a meal, you make it possible for staff to spend more time providing direct care to kids and families in need. That works wonders!

To learn more about hosting a Supper Club, contact Volunteer Services at 682.432.1064 or volunteers@ACHservices.org
