# Spotlighter

November, 2020

*President's Message*

**H**ello Everyone! We are nearing the end of what seems like a horrible nightmare...Phrases such as social distancing, wear a mask, wash your hands, stay at home, during this stressful time...as well as many others, simply drive me crazy. When I do go out, I feel as though I have been transported to a foreign country with so many people wearing masks. I am certainly looking forward to things returning to normal, as I'm pretty sure you are.

**S**peaking of which, I am pleased to report we are going forward with plans for our Christmas social at the Dallas Athletic Club, Wednesday, December 2! Arrangements have been made to reserve space for at least 60 people and still observe the social distancing requirements. Rojean Cull has booked Tommy Ray Williams to entertain us with an assortment of tunes from our generation. The social hour begins at 10:00 and a plated lunch will be served at 11:00. The cost is \$20 per person. Please call or text me at 214-212-8701 to make reservations. We hope to see you there!

**The Bridge**, is an organization that helps the homeless. They are currently accepting gently worn adult size winter coats, new blankets, and new scarves and gloves. If you would like to participate, please bring your items to the DAC on December 2. Your help will certainly be appreciated.

**J**ust FYI, our council voted to send **\$300** to the **Houston Food Bank** to provide aid to victims of **Hurricane Laura**.

**T**hat's all the space I have for this issue. I pray this newsletter finds you well. Stay *warm*, God bless you and thank you for supporting the Pioneers!

Pioneers: Unfortunately, due to rising costs, reduced income and the financial restraints of being a charitable organization, our E-Board has made the decision to only issue the "Spotlighter" three times in 2021. And although USPS is by far our biggest expense, we do plan to continue with our mailed copies at this time. However, if you receive your Spotlighter by email and no longer need a paper copy, or if you receive a paper copy in the mail and would like to switch to email only, please advise – judymccallum@verizon.net.

You can also access the website by logging into: <http://south-region.attpioneers.org/texaspride/projects> then scroll down to Dallas Life Newsletters. Click on Read More. Click on Spotlighter for desired month.

And don't forget Mary Lou and the hotline, 214-464-8425 for updates on important information.

# Just F.Y.I... By:

Judy McCallum-Lee.

The eyes have it - new research in Botswana finds lions are less likely to attack a cow if it has a pair of large eyes painted on its buttocks, fooling predators into thinking they're being watched.

"I generally avoid temptation unless I can't resist it." Mae West

aaayyeeee! – most theme parks in Japan have banned screaming on roller coasters to prevent riders from expelling respiratory droplets.

Saving lives – In Cambodia, a 2.6-pound pouched rat, light enough to sniff out dozens of land mines without setting them off, has helped to clear nearly 35 acres of land, discovering 39 landmines and 28 unexploded bombs.

Social Defense - A minor league German soccer team coach ordered his players to keep 6' social distance from their opponents who were recently exposed to the coronavirus. The final score: German team 0, Opponents 37.

Giving while living - A co-founder of Duty-Free Shoppers shut down his philanthropic foundation after giving away his \$8 billion fortune to education, human rights and social change organizations. He set aside \$2 million for he and his wife's retirement. Forbes

Hands, touching hands, reaching out.....a pub in Spain removed Neil Diamond's "Sweet Caroline" from the music menu because patrons can't resist singing along and indoor group singing is known to spread the coronavirus.

\$10,000 – the highest denomination of any bill ever printed by the U.S. Mint for general circulation.

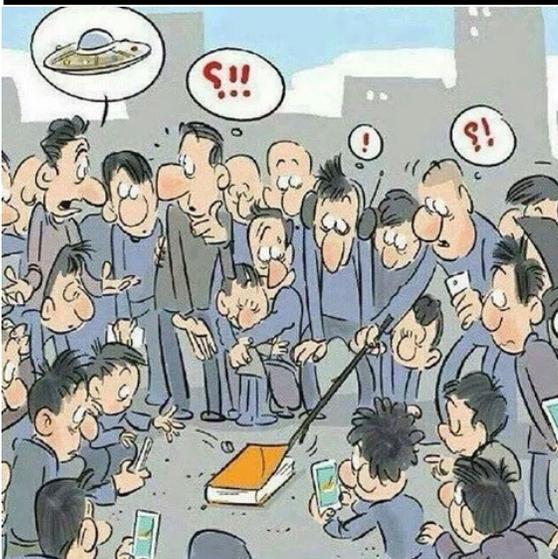

As many of the nation's schools go virtual - nearly 17 million children live in homes without high-speed internet and more than 7 million lack computers.

11% decline since 2012 – nearly 250,00 fewer students enrolled in college last fall than a year ago.

As the number of vehicles on the road as plunged by 70% - it has been projected that as many as 200 million of the 1 billion animals killed annually on roads could survive due to COVID19.

Smooth talk -A Japanese fashion magazine aimed at young women, suggested its readers to flatter men by telling them they "sound just like Socrates" whenever they say something "complicated".

"The silicon chip will transform everything, except everything that matters, and the rest will still be up to us." Journalist Bernard Levin, October, 1978

The mother had washed her hair and just put rollers in – but she didn't have a hair net for them, so instead she used a pair of panties to keep them in place.

Her 4 year old son had watched the process and was fascinated. His mother told him:

**"Good thing there's only us here, so that nobody sees me like this..."**

Suddenly, the door bell rang. The little boy ran to open it, and outside stood a salesman who wanted to speak with the woman of the house. The son yelled:

**"Mom, mom! Take off your panties! There's a man here who wants to talk to you!"**

## The NILE Virus (Type C)

I thought you would want to know about this virus. Even the most advanced computer programs from Norton, McAfee, and others cannot take care of this one. It appears to target those who were born prior to 1948.

The lockdown seems to be increasing the chances of being affected!

Virus Symptoms:

1. Causes you to send the same e-mail twice. (Done that)
2. Causes you to send a blank e-mail. (That too)
3. Causes you to send an e-mail to the wrong person. (Yup)
4. Causes you to send it back to the person who sent it to you. (Ah-ha)
5. Causes you to forget to attach the attachment. (Done that)
6. Causes you to hit SEND before you've finished. (Oh no, not again)
7. Causes you to hit DELETE instead of SEND. (Hate that)
8. Causes you to hit SEND when you should DELETE. (Heck, now what?)

This virus is called the C-NILE virus!

A lot of us have already been inflicted with this deadly disease and unfortunately as we age it gets worse. And if you can't admit to doing any of the above, you've obviously caught the other strain - the D-NILE virus!

## Letters to the Editor

Loretta Cherry, 515 W. Red Bird Lane,  
Duncanville, TX, 75116,  
lorettacherry76@gmail.com

Check out our WEB site at <http://south-region.attpioneers.org/texaspride/>. You will see this newsletter in color. Plus many articles from other Councils in Texas Pride.

Sure enjoy seeing the pictures. Tell Rojean I said "hello". Enclosed is a little money to help...*JoAnn Miller Moore* I hope this "Spotlighter" donation helps with your costs. You all do a great job...*Lynn Triplett* Thanks for continuing this project. You are appreciated...*Lee Renfrow* A small token of appreciation for all you do. I enjoy the "Spotlighter" so much. Take care...*Elaine Glover*

Also heard from *Warren Bassham & Nate McNeal*

**Note from Editor:** We are so appreciative of your past donations. Regrettably, our expenses continue to rise and our contributions have tapered off. So, if you haven't donated lately, we would appreciate your consideration. Thank you, *Loretta*

## ***Prevention of COVID-19***

There is currently no vaccine to prevent COVID-19. The best way to prevent infection is to take steps to avoid exposure to this virus, which is similar to the steps you take to avoid the flu. These everyday actions will help prevent the spread of any respiratory virus, including COVID-19:

- 1) Wash hands often for 20 seconds and encourage others to do the same.
- 2) Use hand sanitizer with at least 60% alcohol if soap and water are unavailable.
- 3) Wear a cloth face covering in public and during large gatherings.
- 4) Cover coughs and sneezes with a tissue, then throw the tissue away.
- 5) Avoid touching your eyes, nose, and mouth with unwashed hands.
- 6) Disinfect surfaces, buttons, handles, knobs, and other places touched often.
- 7) Stay six feet apart from others.
- 8) Avoid close contact with people who are sick.

Experts recommends that you practice social distancing. Social distancing involves staying away from other people to avoid catching or spreading illness. It's a fancy term for avoiding crowds and minimizing physical contact. This could mean avoiding concerts or weddings, skipping the handshake, and/or staying at least six feet away from others. Additionally, DSHS and the CDC recommend using simple cloth face coverings in public to help slow the spread of the virus.

## ***Symptoms of COVID-19***

Patients with COVID-19 have reportedly had mild to severe respiratory illness.

Symptoms of COVID-19 can include:

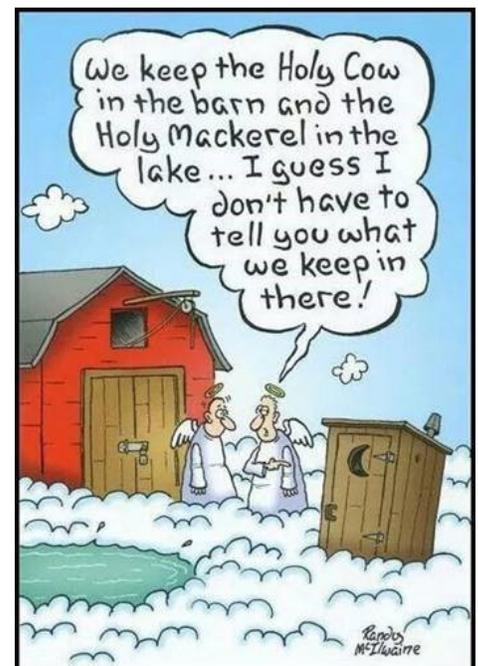

- 1) Fever,
- 2) Cough,
- 3) Shortness of Breath.

Other symptoms reported with COVID-19 include:

- 4) Chills,
- 5) Fatigue,
- 6) Muscle or body aches,
- 7) Headache,
- 8) New loss of taste or smell,
- 9) Sore throat,
- 10) Congestion or runny nose,
- 11) Nausea or vomiting,
- 12) Diarrhea.

If a dog was the teacher you would learn things like:

- When your loved ones come home, always run to greet them.
- Never pass up the opportunity to go for a joyride.
- Allow the experience of fresh air and the wind in your face to be pure ecstasy.
- Take naps.
- Stretch before rising.
- Run, romp, and play daily.
- Thrive on attention and let people touch you.
- Avoid biting when a simple growl will do.
- On warm days, stop to lie on your back on the grass.
- On hot days, drink lots of water and lie under a shady tree.
- When you're happy, dance around and wag your entire body.
- Delight in the simple joy of a long walk.
- Be faithful.
- Never pretend to be something you're not.
- If what you want lies buried, dig until you find it.
- When someone is having a bad day, be silent, sit close by, and nuzzle them gently.

## UPCOMING LUNCHEONS

### Dallas Athletic Club

December 2

Please make reservation for all luncheons by calling Mary Lou Adcock, 214-212-8701 or email her at [mary.lou.adcock@sbcglobal.net](mailto:mary.lou.adcock@sbcglobal.net)

### Talking Books

Group meets on Wednesday at Pinnacle Park, 4331 Communications Dr., Dallas, 75211 to repair recorders for the blind and severely handicapped. Call Nate McNeal, 972-279-6508 for additional information.

### Conserving Our Environment by Bob Carroll

Fresh water is an increasingly precious commodity worldwide. Just three percent of the water in the world is fresh water, and of that, less than one percent is available to us. The rest is frozen in glaciers or polar ice caps, or deep within the earth beyond our reach. As populations grow, competing interests put ever-increasing pressure on limited water resources. Changes in weather patterns are causing drought conditions in areas where people have not had to pay much attention to water usage before.

So, what can we do to conserve the water that is available to us? We use water on a daily basis without thinking about water we dumped into our sewer system. But there are many ways can use less water. A few to consider include taking shorter showers, just cutting back a few minutes can add up to big savings, turn off the water when brushing your teeth or shaving, upgrade to the latest toilets that use far less water, fix all leaks.

These are just a few but very important ways we can conserve water in our homes. And, for you who like to conserve money, your water bill will begin to shrink as well.

We would like to add Conserving our Environment as one of our Dallas Life Council projects. Thus we would like to hear about any of your conservation efforts of any variety (grow more trees, recycling efforts, use less electricity/gas, res-use shopping bags, etc, etc). If you would share this information with - [judymccallum@verizon.net](mailto:judymccallum@verizon.net) - we will add the information to our list of conservation efforts by our pioneer members, family, and other helpers.

**I KNOW EVERYTHING  
HAPPENS FOR A  
REASON, BUT  
SOMETIMES I WISH  
I KNEW WHAT THAT  
REASON WAS.**

# Just for Grins

I have to walk early in the morning, before my brain figures out what I'm doing. Walking can add minutes to your life. This enables you at 85 years old to spend an additional 5 months in a nursing home at \$7000 per month.

\*\*\*\*\*

An elderly couple had dinner at another couple's house, and after eating, the wives left the table and went into the kitchen. The two gentlemen were talking, and one said, "Last night we went out to a new restaurant and it was really great I would recommend it very highly." The other man said, "What is the name of the restaurant?" The first man thought and thought and finally said, "what's the name of that flower you give to someone you love? You know, the one that's red and has thorns." "Do you mean a rose?" "Yes, that's the one," replied the man. He then turned towards the kitchen and yelled, "Rose, what's the name of that restaurant we went to last night?"

\*\*\*\*\*

A man, a miss, A car, a curve. He kissed the miss, And missed the curve.. *Burma Shave\**

\*\*\*\*\*

A man was telling his neighbor, "I just bought a new hearing aid. It cost me four thousand dollars, but it's state of the art. It's perfect." "Really," answered the neighbor. "What kind is it?" "Twelve thirty."

\*\*\*\*\*

One of our Senators called and had a question about the documents she needed in order to fly to China . After a lengthy discussion about passports, I reminded her that she needed a visa. "Oh, no I don't. I've been to China many times and never had to have one of those." "I double checked and sure enough, her stay required a visa. When I told her this she said, "Look, I've been to China four times and every time they have accepted my American Express!"

\*\*\*\*\*

Morris, an 82 year-old man, went to the doctor to get a physical. A few days later, the doctor saw Morris walking down the street with a gorgeous young woman on his arm. A couple of days later, the doctor spoke to Morris and said, "You're really doing great, aren't you?" Morris replied, "Just doing what you said, Doc: 'Get a hot mamma and be cheerful.'" The doctor said, "I didn't say that.." I said, "You've got a heart murmur; be careful."

\*\*\*\*\*

We of a certain age have been blessed to live in changeable times. For a child each new word is like a shiny toy, a toy that has no age. We at the other end of the chronological arc have the advantage of remembering there are words that once did not exist and there were words that once strutted their hour upon the earthly stage and now are heard no more, except in our collective memory. It's one of the greatest advantages of aging.

\*\*\*\*\*

Wouldn't you know it...Brain cells come & brain cells go but FAT cells live forever.

\*\*\*\*\*

The king wanted to go fishing and he asked the royal weather forecaster the forecast for the next few hours was. The palace meteorologist assured him that there was no chance of rain. So the king and the queen went fishing. On the way he met a man with a fishing pole riding on a donkey, and he asked the man if the fish were biting. The fisherman said, "Your Majesty, you should return to the palace! In just a short time I expect a huge rain storm." The king replied: "I hold the palace meteorologist in high regard. He is an educated and experienced professional. Besides, I pay him very high wages. He gave me a very different forecast. I trust him." So the king continued on his way. However, in a short time a torrential rain fell from the sky. The King and Queen were totally soaked. Furious, the king returned to the palace and gave the order to fire the meteorologist. Then he summoned the fisherman and offered him the prestigious position of royal forecaster. The fisherman said, "Your Majesty, I do not know anything about forecasting. I obtain my information from my donkey. If I see my donkey's ears drooping, it means with certainty that it will rain." So the king hired the donkey. And thus began the practice of hiring dumb asses to work in influential positions of government. The practice is unbroken to this date.

### "If You Bring Love" by Joseph Campbell

At a certain moment in Nietzsche's life, the idea came to him of what he called 'the love of your fate.' Whatever your fate is, whatever the heck happens, you say, "This is what I need." It may look like a wreck, but go at it as though it were an opportunity, a challenge.

If you bring love to that moment - not discouragement - you will find the strength is there. Any disaster that you can survive is an improvement in your character, your stature, and your life. What a privilege! This is when the spontaneity of your own nature will have a chance to flow. Then, when looking back at your life, you will see that the moments which seemed to be great failures followed by wreckage were the incidents that shaped the life you have now. You'll see that this is really true.

Nothing can happen to you that is not positive. Even though it looks and feels at the moment like a negative crisis, it is not.

Love, Faye

Following is a copy of a thank you letter received from CASA:

October 15, 2020

Dear ATT Pioneers:

Thanks to your generosity and that of others in our community, Parade of Playhouses benefiting Dallas CASA will help improve the lives of abused and neglected children in Dallas County who have been removed from their unsafe homes. We are grateful for your gift of \$300.00 and will use it with great care.

By participating in the 2020 Parade of Playhouses, you are also helping to raise awareness of the needs of children in the foster care system and the difference it makes to have a trained volunteer advocating for their best interests. With your help, these vulnerable children are able to receive the services and support they need to heal from their abuse. On behalf of the children we serve, thank you for your support as we work to provide a CASA volunteer advocate for each child in our community who desperately needs our help.

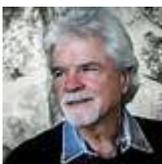

Warmest regards,

Becca Leonard Chief Development Officer
